Professional Summary

Fast-learning front-end developer passionate about building immersive, responsive applications with modern technologies. Skilled in Python, JavaScript, Angular, and C++. Adept at building full-featured tools from scratch and integrating APIs. Excels in new environments and thrives on challenges. Seeks a company where growth is prioritized and excellence is the standard.

Technical Skills

Languages: Python, C++, Java, C#, HTML, CSS, JavaScript
Frameworks: Angular, Bootstrap, Tailwind CSS
Tools: Git, GitHub, REST APIs, MongoDB
Other: UI/UX, Responsive Design, Glassmorphism, Firebase

Projects

TimeCash - Interactive Earnings Tracker
Developed a responsive tool using HTML, CSS, JavaScript to calculate work earnings based on shift inputs. Features include live calculations, earnings verification, history tracking, and a modern glassmorphism UI. Designed for Lake Michigan College students. Deployed at timecash.netlify.app.

Bank Account Simulation - C++ Console App
Simulates a banking system with savings/checking accounts. Handles deposits, withdrawals, interest calculations, and monthly service charges. Future enhancements include loan simulations and GUI via Qt. Built as part of coursework using concepts from Tony Gaddis' textbook.

Professional Experience

Work Study - Lake Michigan College (Aug 2024 - Mar 2025)
Assisted in campus food pantry operations, ensuring inventory tracking, stocking, and logistics. Demonstrated accountability, efficiency, and a strong work ethic in supporting essential student services.

Paralegal - RL Law Firm, Brazil (2017 - 2022)
Provided legal support in civil cases, client intake, and document preparation. Balanced full-time studies while maintaining client confidentiality and deadline-driven responsibilities. Transitioned into tech seeking greater innovation and growth.

Education

Lake Michigan College, MI
AAS in Applications Development (2023 - 2025) | GPA: 3.6

Anhembi Morumbi University, Brazil
BS in IT Management (2021 - 2023)

Certifications

Rodrigo Ribeiro Leite

Junior Software Engineer | Front-End Developer

- Python Programming - Certified (2023)
